ABOUT THIS PRODUCT

A ripple outer wall over a food-grade paper cup: the air in the flutes keeps hands comfortable around hot drinks without a separate sleeve. Seven sizes from a 4 oz espresso to a 20 oz takeaway, in natural Kraft or Black, with matching 80 and 90 mm plastic sipper lids sold separately. An internal polyethylene (PE) coating is a barrier against liquid penetration, and the bottom is stamped on both sides: an extra layer of protection against leakage, beyond the usual single-sided method.

IDEAL FOR

- Coffee shops and cafés
- Takeaway hot drinks
- Office and event catering
- Quick-service restaurants
- Branded cups for chains
